

## Cashier

The heart of Campbell's is our team of passionate plant lovers who like to get their hands dirty to grow and sell the best plants in Lincoln. We've come together from a range of disciplines and experiences, connected by our commitment to learning and growing together. For over 100 years, Campbell's has been making an enduring impact on our community from backyard retreats to iconic public landscapes. We're always on the lookout for new team members with an eye for design, an eagerness to learn, and great customer service skills.

Cashiers are one of our most important customer service representatives. They are often both the first and last impression of our business. It is the responsibility of the cashier to greet, efficiently determine the needs of each customer or phone call and connect them with the appropriate person. At the register, prompt, accurate and friendly service is expected. Customers should leave feeling that they had a positive experience. In between customers, cashiers are responsible for maintaining the appearance of the interior of the garden center based on brand standards.

### Professional Qualifications

- Previous retail sales experience
- A friendly smile and a willingness to work hard
