

Nursery Yard Team Member

The heart of Campbell's is our team of passionate plant lovers who like to get their hands dirty to grow and sell the best plants in Lincoln. We've come together from a range of disciplines and experiences, connected by our commitment to learning and growing together. For over 100 years, Campbell's has been making an enduring impact on our community from backyard retreats to iconic public landscapes. We're always on the lookout for new team members with an eye for design, an eagerness to learn, and great customer service skills.

Trees and shrubs provide visual structure, shade, and ornamental value in the landscape. Nursery staff are responsible for helping customers select the right tree for the customer's site, taking into account size, shape, soil, sunlight, and aesthetic qualities. They will provide necessary care information to make the customer's landscaping experience successful. They are available to the customer to help troubleshoot when problems arise in the landscape, helping to address concerns while educating the customer on environmentally responsible practices. Nursery staff are responsible for keeping the grounds and nursery yard visually appealing, including keeping trees and shrubs in saleable shape at all times.

Professional Qualifications

- AA in Horticulture of related field or,
- 1+ years related experience in greenhouse production, nursery production, retail garden center, or related fields
